Our Philosophy

We currently partner in the international market for products that meet client's expectations.

We design and install the most cost-effective systems to meet the client's operation requirements, ensuring that the project being executed comply with all clients and relevant national standards.

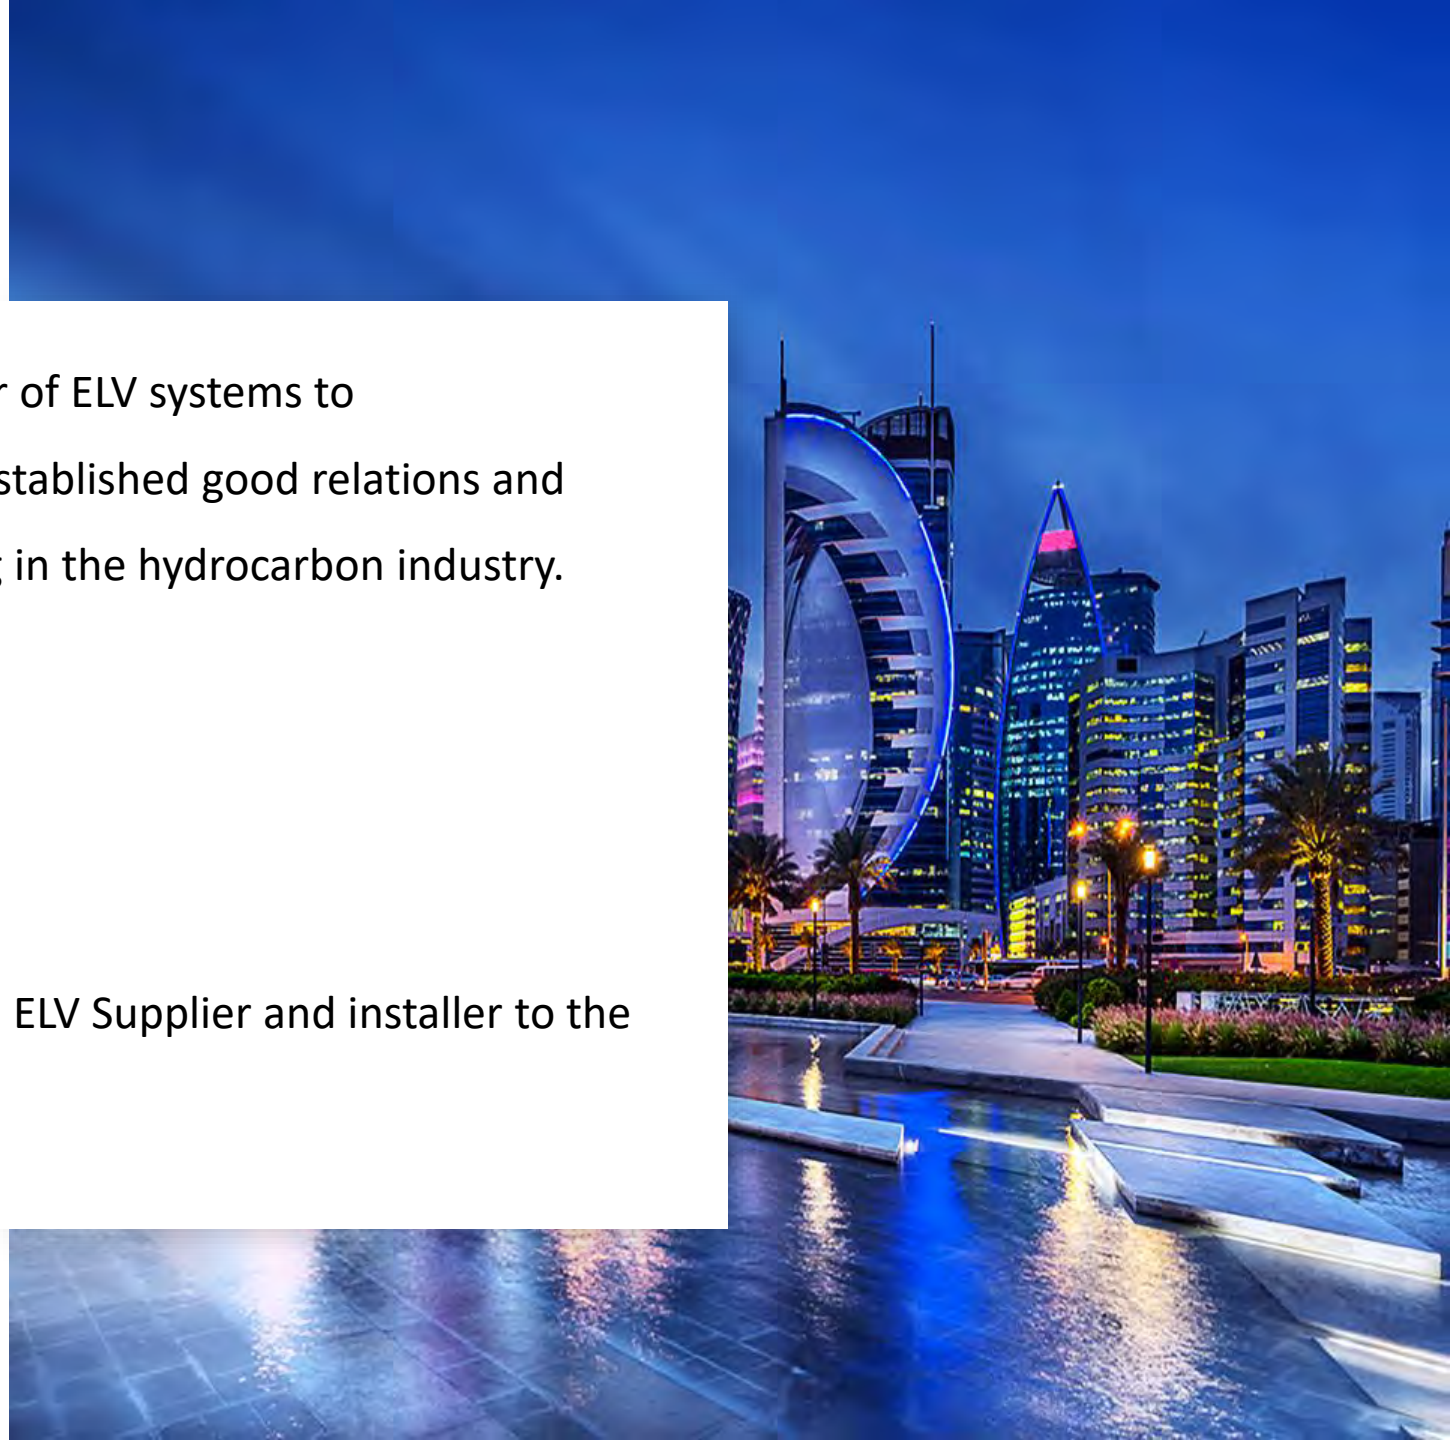

Our Vision

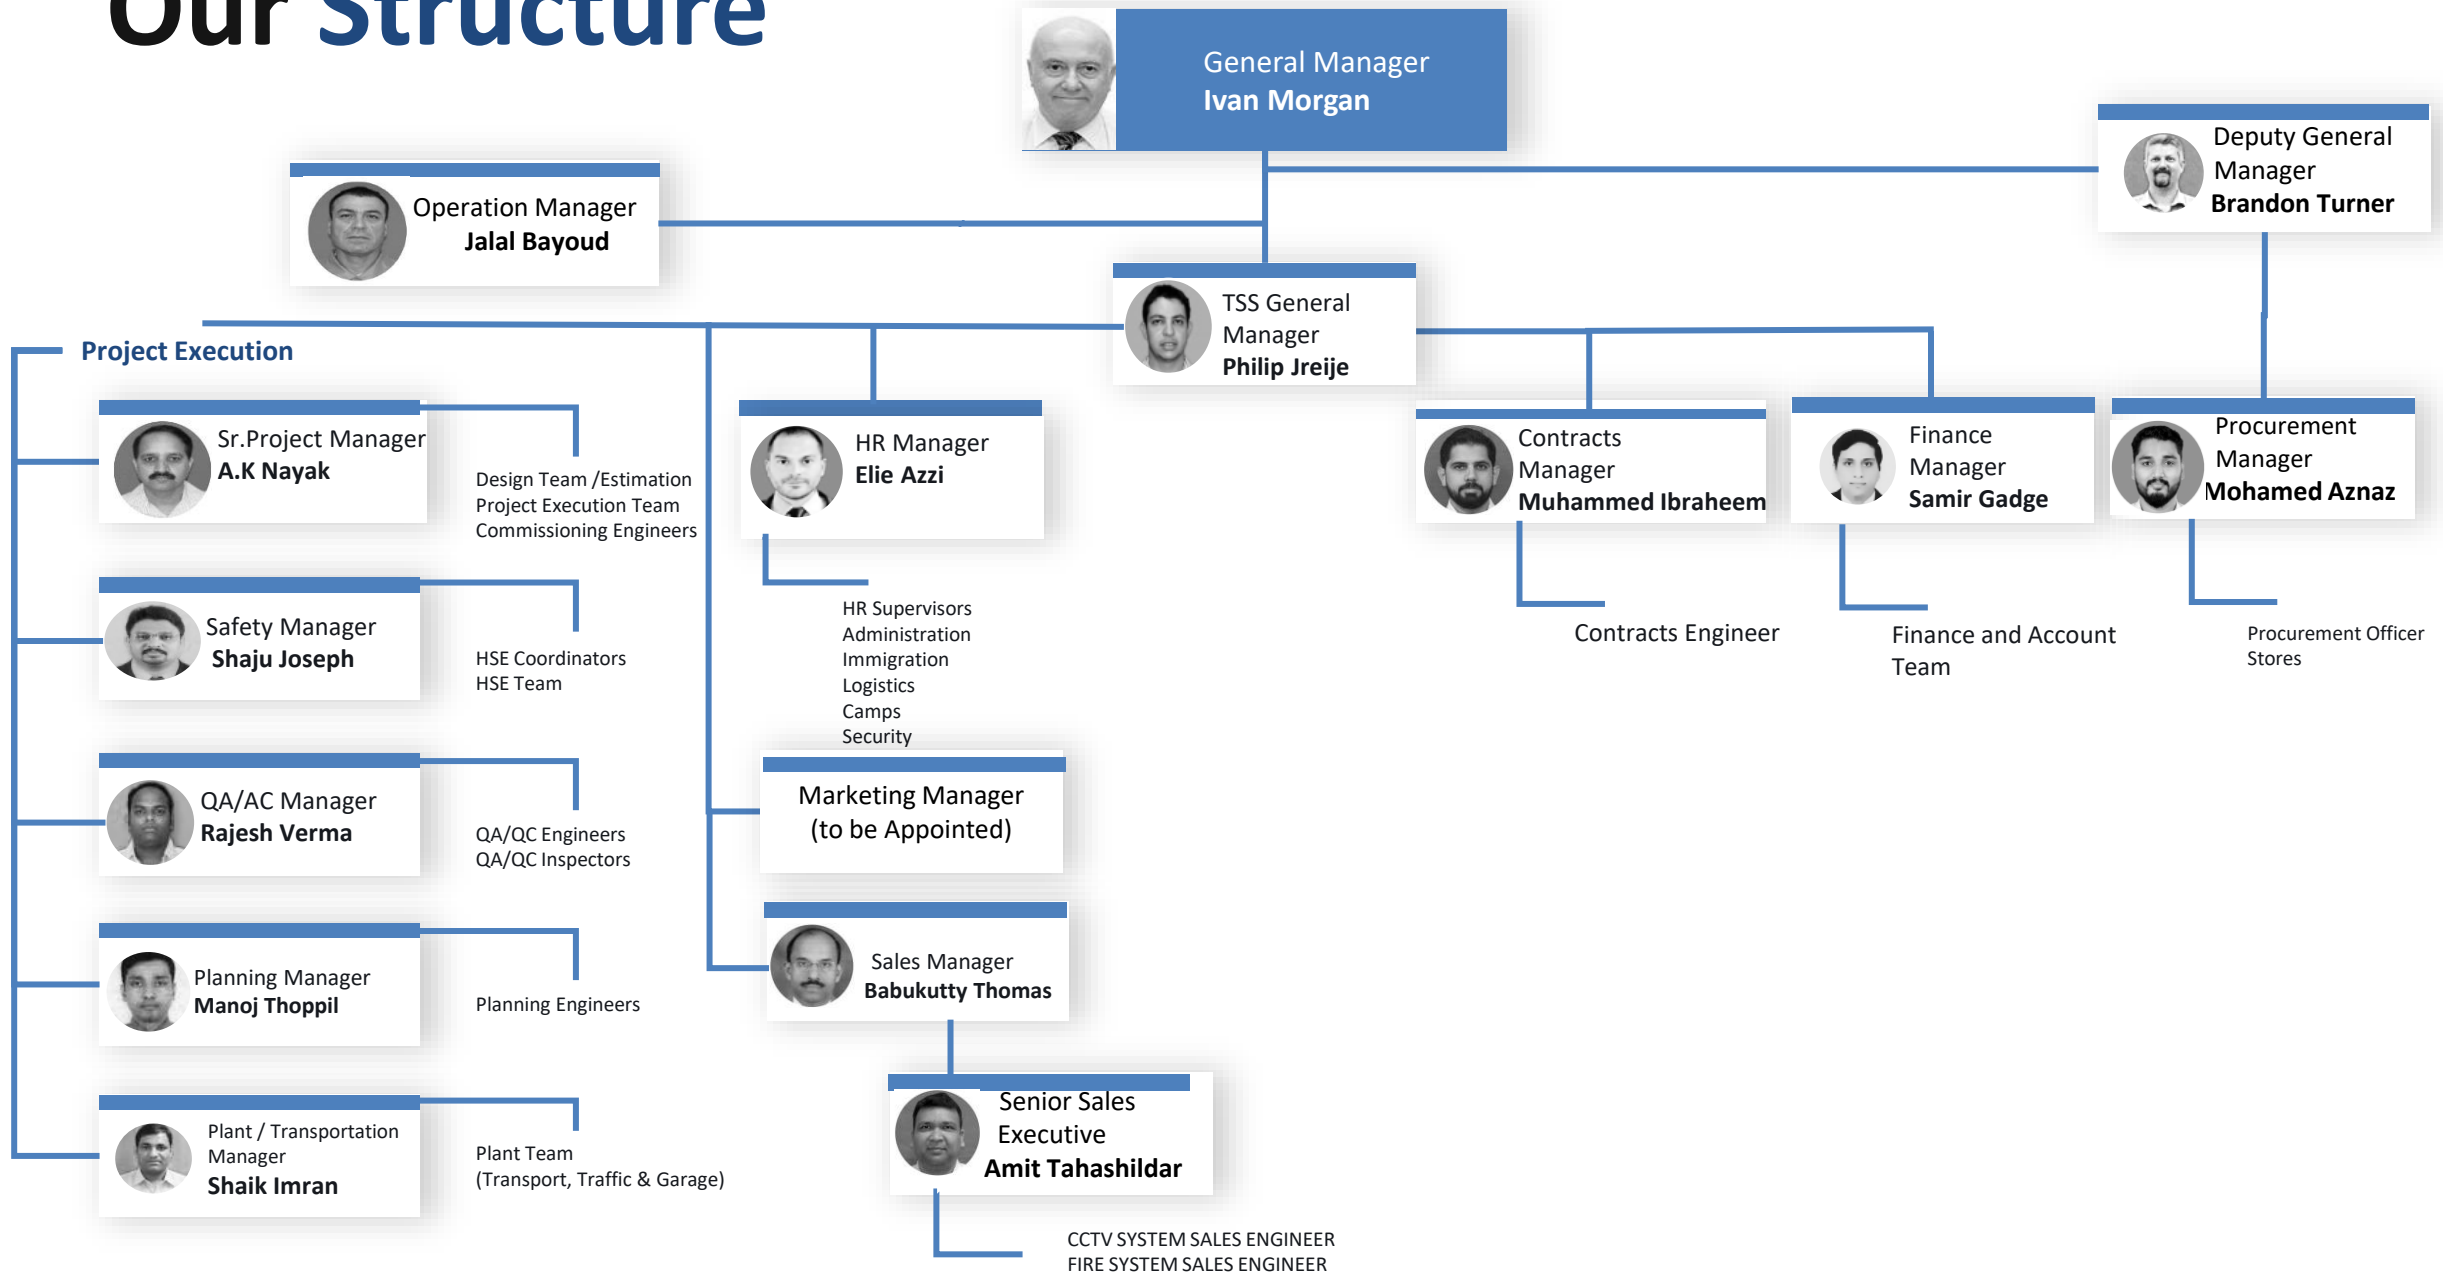

To become the preferred supplier and installer of ELV systems to Hydrocarbon clients, by benefiting from our established good relations and extensive knowledge and expertise in working in the hydrocarbon industry.

Our Mission

To establish Trags Security Services as credible ELV Supplier and installer to the Hydrocarbon industry in Qatar.

Our Structure

Our Services

We provide below Services tailored for Oil & Gas as well as Domestic Clients

Network Passive System

A peek at some of our projects

Network Passive & Active System

Network Active, Passive System, Telecom, and Infrastructure System whether it was designed for banks (BNP Paribas), Governmental Facilities, Control Buildings (QAPCO CCR), Stadiums (Women's Club), Printing Press (Gazette SCP), Schools (UMM QARAN Boy & Girls), Recreation Centers (QAPCO Dana Club) was done by TSS.

A peek at some of our projects

Public Address System

PA System with different level of system complexity and scalability was done by TSS whether it was intended for Stadiums (Ex: Women's Sport Club), Schools (Ex: Boys & Girls School), Buildings (Ex: QAPCO Facility), Offices etc.

A peek at some of our projects

Audio Visual System

TSS possesses the know-how for the EPIC of Audio-Visual Systems. Women's Club Sport Hall Facility is an evident example for such works. Noting that the Basketball Competition during Doha, Qatar Asian Games was hosted at Women's Club Sport Hall.

A peek at some of our projects

CCTV & Card Access System

TSS was involved in the EPIC of CCTV, Card Access System, and Infrastructure. Recent work carried out by TSS was the design and implementation of security system for QAPCO Dana Club in line with MOI rules and regulations. Other related works were carried out at Sport City Women's Club, Gazette Printing Press, BNP Paribas, etc.

A peek at some of our projects

SMATV & IP TV System

TSS posses the capability to implement SMATV System or a more robust and scalable IPTV System. The above example illustrate an SMATV System implemented by TSS at Sport City and an IPTV System implemented by TSS at QAPCO DANA CLUB.

A peek at some of our projects

BMS System

TSS have been engaged in the implementation of BMS/BAS in Sport City Facility such as Women's Sport Club for monitoring and controlling of the Building Mechanical, Electrical, and Security System

A peek at some of our projects

Fire & Gas Detection System

Some of the most sophisticated Fire Alarm System have been executed by TSS utilizing the state-of-the-art technology and integrating equipment's from different vendors to deliver a reliable, scalable, and bespoke fire system as per the client criteria. EPIC of Fire Alarm & Gas Projects was carried out at QatarGas (South + North), QAPCO Dana Cub, Gazette Printing Press, etc.

A peek at some of our projects

Fire Fighting System (Pumps)

TSS have carried out the EPIC of fire pump rooms for different pump capacities. EPIC of fire pumps was carried out at different projects including but not limited to Women's Club Sport, Gazette Printing Press, Qapco Dana Club, Msheireb West Offices, Qatar Primary Material Company etc.

A peek at some of our projects

Fire Fighting System

TSS have the capability to install, test, and commission all types of sprinkler solutions (Pre-Action, Dry Pipe, Wet Pipe, and Deluge).

Furthermore, TSS possesses the know-hows to install, test, and commission dry chemical and foam systems which have been installed at Women's Club Sport Hall (NN 100), Gazette Printing Press (Sprinkler & FM200), Cegelec Control Building (FM, 200), BNP Paribas (Sprinkler & FM200), QAPCO DANA CLUB (Sprinkler), etc.

We have a long-standing experience with QCD, We have proven track record in gaining approvals for our clients in an expeditious manner.

Our Goal

is simply to deliver best tailored, flexible and scalable solutions that help companies and end users achieve an effective balance between performance and investment.

Our Success Is Through Quality and Safe Work Culture
